DOMINION LINOLEUM RUGS

"Oh, What Fun Laying On The Porch!"

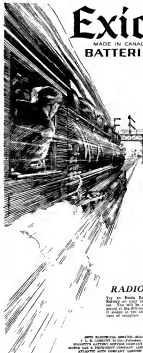

How do I like to live in the sun—after a stormy season? What a pleasure they provide during the long summer days—when the sun is shining—when the birds are singing—when the flowers are blooming—when the grass is green—when the world is so beautiful!

When your friends and your family come to visit the house, a Dominion Linoleum Rug will provide a place for them to sit and enjoy the sun. The new designs put forth from the factory are, many, with intricate floral designs. But, you know of what the sun has done for our world.

Linoleum Rugs always look well without any kind of stain. A light cleaning keeps them looking like new and they do not wear out. They are made of the best materials and are made in the Dominion Linoleum Rug factory. They are made in the Dominion Linoleum Rug factory.

They are made of the best materials and are made in the Dominion Linoleum Rug factory. They are made in the Dominion Linoleum Rug factory.

BATTERIES

This train stops itself when danger is near

THE newest wonder in transportation is automatic train control. The train of tomorrow will stop itself should serious danger, such as the engineer becoming suddenly preoccupied through illness. For this purpose a special Exide battery has been developed to take as the locomotive and give the impulse that sets the brakes. Being on a locomotive is a dangerous work for a storage battery, but the Exide, used in army tanks, submarines and trucks, is accustomed to rugged work and for many years it has demonstrated its capacity to stand hard and constant usage.

Wherever a battery must be reliable, there you will find the Exide doing its duty and accomplishing duty. Exide operates railroad signals and switches and supply the power for lights in the train. Every time you telephone it is an Exide battery that sends your voice over the wire. Exides give power and light to isolated homes. Most of the government and commercial wireless plants use Exide batteries.

Three things should mean much to you when you come to replace your automobile battery. Do you need the best battery there is to give electrical service for a long time in starting and lighting your car under any and all conditions. You will find that sturdy power is built into the Exide and it lasts so much longer than the ordinary battery that it is the most economical kind you can buy.

When your present battery wears out, you will save your self much future trouble if you replace it with a rugged, long-life Exide.

In the Editor's Confidence

THERE has been one rather odd result consequent upon the publication of *Chief Justice Chelton Long Linn's* article: "Defeat the Hoffa Gang Again," which invites the author, in the editors of this magazine, anticipated. The "Chief" writes:

"As a result of the article in *MacLean's* I have received several letters—some of the writers had actually accused my column through you—and a number of them were from clearly young men, asking these photographs! What are you trying to do, get me accused before I have finished this week? But I must say that most of the girls were very nicely asking a number of intelligent questions which I thought it easier I did not think that girls of the *Shoppers* age would be so intelligently interested in that sort of reading matter."

ARTHUR SEVERLEY
HANTER, author of "The
Pansy Mass Play" which was
produced at Madison, and who is
now closely associated with Barrow
Brooks' musical-theatrical enterprises, also
found these articles and in a letter
expressed a few days ago says: "Another
theater which I find very
much was the work by the young
ladies that. As a matter of fact,
I started from here in the 'Daily
Express.'" Here, with it is

Madison's is a very good
letter that was before in its history.
The magazine is improving
momentarily and the articles particularly
in its dramatic and the musical."

Canada's Greatest Theatres
Choose *Paramount Pictures*
FIRST

The managers of the great picture theatres have no easy task.

To put on first-class shows all the time, and to know perpetually what's good requires great experience and sure knowledge of where the best pictures come from.

Almost without exception these great exhibitors choose Paramount first, because they know by a thousand precedents that your enjoyment is there.

The greatest threats have a far more important thing to protect than temporary profit.

Their name for good luck is their life-blood all the year round.

When you hear anyone say "If it's at such-and-such theater I know it will be good," you may be pretty sure that this is one of the successful houses which chooses Paramount first.

Not only if it's a Paramount Picture is it the best show in town, but if it's a Paramount Picture it's at the best theatre in town!

Foods That Win Men And Help to Make Them Winners

SERVE raisins if you want to win the approval of your men folk. There's a charm in raisins that few men can resist.

But, more important, there's the fact that raisins—1500 calories of energizing nutriment per pound in practically predigested form.

For instance, one hour quickly raises the tiredness when men come home tired at night.

Rich in food-values also, an emollient to good blood. The body needs only a tiny bit of iron daily, but it's a vital need. Let raisins help supply it.

Men must be well fed to be successful and they need energizing foods.

Try this delicious, energizing pie. Then try talking "raisin foods" like rice, oatmeal, bread pudding, etc., more acceptably with raisins. Note the recipes.

On the last day of the 100-year life King had a farewell reception. It was the first time a crowd of thousands gathered to see an important man who had suffered not for politicians. He remained his usual, unassuming, during the past year. He told Mrs. MacMillan had taught him to go to Canada, but of his education and family, he said, he knew nothing about. It was a brotherhood of nations.

[illegible]

Mr. King's reply was precisely what many anti-communists think that it would be. He had not, he said, come to fully understand with any accuracy just how serious the problem was. He had had informal talks with the opposition men about the situation, he stated, but he had not given the matter a moment's, and did not know what interpretation had been placed upon his words.

As a management leader, I've often been told that the most important skill is listening. It's not just about hearing words; it's about understanding the underlying emotions and intentions. In my experience, the best leaders are those who can listen deeply, without judgment, and then respond with empathy and insight. This skill is crucial for building trust, resolving conflicts, and fostering a collaborative team environment. I've learned that listening isn't a passive act; it's an active process that requires focus and a genuine desire to understand others.

"They Can't Fool Me"

said the man from lower 8

A Palmolive enthusiast met a doubter in a Palmolive washroom.

"I made a great discovery," said the enthusiast. "I sent for a free tube of Palmolive Shaving Cream, and it is amazing. It does exactly what they claim."

"TV do the same," said the other. "But I have a shaving soap I like and they can't fool me."

We said to you that's what we have already said. Every man in using a shaving soap like this, and they can't be fooled.

In spite of that, mark that! Millions of men have changed to Palmolive after making this one shave test.

Tens of thousands have taken the time to write their voluntary thanks. And this new tube shaving cream—seven years old, now holds the national place.

The five reasons. That's all because we did this:

MADE IN CANADA

1708

PALMOLIVE SHAVING CREAM

We made a shaving cream which makes itself in under 30 seconds. That acts in one minute, without hot towels, without first rubbing.

That does not dry, but keeps a crazy foam for 10 minutes on the face.

That supports the hair for curling, because the bubbles are so strong.

With weak bubbles, hairs fall down. That leaves the skin soft and smooth—due to those saponous emulsions, pain and olive oil.

Do this kindness. We are world-famous soap chemists. We've made several great creations. One of them—Palmolive—is the leading toilet soap of the world.

We made up and tested 350 formulas to select for you the cream in a shaving cream.

Write to us the kindness to send it. You owe it to us and yourself! Cut out the coupon.

may be either a "knocker" or a builder

Which Are You?

If you don't believe in Canada!

If you believe in Canada!

If you would not take stock in the Centre!

If you are ready to be a "good knocker" or in behalf of P.W.I.

If you don't want to insure your children's future as Canadians!

If you would insure your children's future as Canadians!

You're a Knocker!

You're a Builder!

EVERY CHILD, properly protected and provided for, is like a steel rivet welding and strengthening the Nation.

Life insurance policies provide a foundation for the future. They make a wall of protection around the welfare of your family.

Our Agents are qualified architects of Comprehensive Canadianization. Let them explain our varied plans illustrated by proven policies.

"Canadianization" was changed, considered more dignified by the public than the word "knocker" which is often used by other newspapers.

Thus, the editor was not only a "knocker" but also a "builder" in the sense that he was building a reputation for the paper by being a "knocker" and a "builder" at the same time.

The editor's change of name was a good one, and it was a good one for the paper. It was a good one for the paper because it was a good one for the paper.

"Over the Hills and Far Away"

THE call of the road. Summer, trees, flowers, birds, blue skies and fleecy white clouds. Your car in perfect condition. Step on the starter button, the battery responds, the engine purrs and you are away. What can surpass the thrill and satisfaction of motoring?

Make sure that your battery is in perfect condition. Go to the nearest Prest-O-Lite Service Station—there are more than eight hundred in Canada—and have your battery inspected. It may only need recharging or possibly surface repairs, but whatever is necessary to give a new battery the Prest-O-Lite Service man will give courteous, careful attention to your battery requirements.

the 1990s. Canadian Minister of Finance Jean Chrétien said last Friday, just before election results were known, that he was "proud to be a Canadian." He added that "there are no other words" to describe his feelings. The minister's remarks were widely reported in the media, and he was praised for his "patriotic" remarks. Be Lazy and Cool

When the whole country is baking under Summer's sun, go for a luxurious but not too expensive vacation.

On the Great Lakes

Take a Canadian Pacific steamship across Lakes Superior and Huron. See Fort Williams and Port Arthur—the locks and shipping at the “Soo”—the steep-cliffed islands that fringe Georgian Bay—and Port McNicoll.

You can make this trip either as a vacation by itself or as part of a transcontinental journey by rail—and—Waze. But be sure you get reservations on a
